

KMAP GENERAL BULLETIN 21158

Drug Rebate Claims Level Data

Effective January 18, 2022, the State rebate vendor will supply Medicaid Fee-for-Service (FFS) and Managed Care Organization (MCO) claims level detail (CLD) for first-quarter 2018 and later. CLD will be provided via the web portal for drug manufacturers who have signed up for web invoicing.

For all non-web users, manufacturers will send CLD requests to the State rebate vendor. Using the updated CLD process, the information will be sent to the invoice contact on the Centers for Medicare and Medicaid Services (CMS) Drug Data Reporting for Medicaid (DDR) system.

One of the contacts for the web portal must be the invoice contact on the CMS DDR.

Note: The effective date of the policy is January 18, 2022. The implementation of State policy by the KanCare Managed Care Organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The **KanCare Open Claims Resolution Log** on the KMAP [Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates, once the policy is implemented.
